模内标贴主要的优势

- 1、实现全自动生产，提高效益，降低成本
- 2、提高容器的阻隔性能
- 3、精美高清晰的印刷质量、超越传统印刷工艺效果
- 4、标签不脱落、色泽耐久、不易损坏、防水防油、防霉、耐酸碱、耐摩擦、耐低温、可浸泡等性能
- 5、简化再回首过程，兼顾环境保护
- 6、标签嵌在容器上，成为产品一部分，可达到无标的效果，具有一定的防伪作用
- 7、模内工艺使容器的坚韧性提高，同时节省容器的树脂用量

Main advantages of IML

- 1、Realize automatic production, improve efficiency and reduce cost ;
- 2、Improve the barrier performance of the container ;
- 3、Exquisite and clear printing quality, surpassing the effect of traditional printing technology ;
- 4、Label does not fall off, durable color, not easy to damage, waterproof and oil proof, mildew proof, acid and alkali resistance, friction resistance , low temperature resistance , soak and other properties ;
- 5、Simplify the review process and take environmental protection into account ;
- 6、The label embedded in the container, become a part of the product,can achieve no label effect, has a certain anti-counterfeiting role ;
- 7、The in mold process improves the toughness of the container and saves the resin content of the container.
